State Meeting

Aaron will let Sue know that it is unacceptable to TCCNVA to have a training in lieu of a business meeting. In light of the No confidence Vote taken by on 3/3/2025 we don't believe the opinions of Sue Hulsebus or her training takes priority over a Business Meeting. Therefore the TCCNV directs Sue Hulsebus to generate an agenda and send it out at once for a Business Meeting of The State which takes priority over said "training". Any training can come after the business meeting,

The items to be added to the State Agenda as follows:

- 1) Aaron Lucey recommended the Militia Commander Shallon be voted in on the state side and that was done. The new militia Bighorn sheep logo be accepted with green background.
- 2) That a list of the emails of the State meeting invites be sent out at once. Many folks at the County meeting did not receive Sue's email on 3/3.
- 3) The public written and spoken apology of all and every baseless opinion of Sue and Doug Hulsebus of Rocky and the defamation and slander of published vetting Report of Rockie Roper for Coordinator and CoCoordinator. Rockie will be joining Michelle Schmidt in her Role as CoCoordinator.
- 4) The State wants Rockie to apologize for all that he has done according to the vetting committee Sue and Doug. However, TCCNVA found these allegations sick and slanderous, and were alleged on false claims. unless Sue and Doug can submit their "facts" supporting their statements. *"We found documents pertaining to a felony conviction for kidnapping and robbery".*

Vetting Committee stated “members” are being prevented from free speech, etc, have violated rights, and are victims of partiality. We ask Sue and Doug to provide the names of every person or member so Rockie may face them and ask specific instances when this was done.

At his time, We do not contract or recognize The State Assembly Vetting, process, training, publications or protocol except on a limited request basis on a case by case scenario.

We have:

- Right to privacy
- Right to free speech and expression
- Right to equal treatment
- Right to participate in our government

The body politic took a vote and it was unanimous that Sue and Doug apologize to Rockie for the treatment, the violation of privacy and the slanderous comments unless they can provide the full report of where they received this information, and who from on what date.

Then it was voted upon that Rockie would be nominated for County and State Coordinator or any other position as seen appropriate by Anna Von Reitz.

Forms with Chairman from being voted in on the last committee meeting will be put forth on temporary forms to the Vetting Committee until the logo is decided. PTKF will tell us how to vet the people and some of them can be vetted through The County vetting committee.

Anyone that does not have an account in open project for committee please email Denise or me and we will get you setup. In open project there is an excellent video on vetting under vetting committee. If you care to watch it.

Please keep in mind Anna Von Reitz on Feb 13 asked State members blocking the 4 pillars process to move along, and she asked us to tell them she said so, please see this announcement:

Outreach

Also keep in mind Outreach Volunteers do not require vetting. We derive all our standards from the four pillars training created by The Lawful Living Souls Firm. The Clark County Nevada Assembly rejects all and any documents that defile the rights of the people to a republican form of government.

However, the State has chosen to implement process forms and procedures counter to the four pillars training, so the county is not following them.

If Jennifer Olson did not send her documents to follow the State idea for forms.

Memes for the American Way Homeschool will be developed. Rocky is getting thumb drives for giveaways to have the book on it. Ideas for flashcards- younger and coloring sheets plus ideas for business cards are all welcome. Niki nikoleta.kek@gmail.com and Jennifer Phillips jphillips38512@yahoo.com are heading up homeschool project

Did you know you can look up any member on the LRO? Just go here:

Criminal Reports

It was learned Anna Von Reitz had requested any injured people in Nevada to file reports on claims of crimes incidents on Federation Crime Report forms and turn them into the Office of the Sheriff Keith Van Love keith.love@tccnva.org Denise offered to assist anyone with their report should they need it.

Numbering System for forms

We are working with Max Taylor to create a standard on all documents to be the official document that Clark County will use. Max is creating the document so if any other county wants to adopt the documents, they can ask Max and he will only need the counties information to print the reports or documents for you.

When Max gets done with the standards document I will send it out to everyone for approval and vote to use the standard.

County Minutes to State

No vote was taken on the minutes being sent to the State, therefore they aren't being sent. Rockie has been asked by Doug to get a copy of the Clark County Business meetings 01/18/2025 and 2/23/2025. Since these recording belongs to the people of Clark County jurisdiction we need a vote for Rockie to release them to Doug and Sue.

Also, we regret to inform any member that may have already reported or released said records that they did so without permission of the Assembly.

The Assembly received a request from Jennifer Philips that Sue and Doug write their mother and her and their family an apology letter and publish it, the contents recommended to be forthcoming.

No confidence Vote was taken of Sue Hulsebus

For these reasons:

A unanimous vote of No confidence was taken of Sue Hulsebus for the following reasons: While we were on the call. Sue had sent out meeting minutes for Wednesday and only 2 people of 16 on the call received them. The meeting is Wednesday.

TCCNVA learned that committees and list of positions filled had been requested since December 2024 from Sue Hulsebus.

TCCNVA prioritizes action over training during business meetings times.

We request that Aaron Lucey conduct the call Wednesday for the state as Sue's actions are not welcomed by TCCNVA.. WE ask that Aaron develop and action agenda and what are next moves are on Wednesday.

Militia seal was accepted with green background, County Seal still needs work but we are issuing forms with just the header and the number right now until the seal is done.

Please submit items for next week, and perhaps we'll have the first Sheriff's report by then, We hope Bobby Cirello can join us to talk about radios and upcoming programs of the militia and communications.

Goodnight John boy.....
