Hey Sue,

My goal and mission was always to bring as many people home as possible.. Michelle and I are working together to get people recorded as quickly as possible.. That will never change! I am not apart of any District Assembly and don't wish to be. I have no idea what Denise is doing or what her motivations for this letter were. I didn't approve or consent to my name being in this document.

But that being said, more than happy to receive any new inquires and get people recorded, and make the necessary time to do so.

Aaron

Sorry forgot the attachment.

Hi Aaron. The Oversight Committee has given until April 10 to decide if you would like to continue your participation in the district assembly or if you would like to participate in helping us build The Nevada Assembly and Clark County. A quick decision from you would be very helpful and appreciated because if you are staying with the district assembly we need to get another Recording Secretary to serve as the primary contact for the southern portion of Nevada and will need to get the records transferred.

The attached was sent to me from another state. Just FYI because your name is in it. It's written by Denise. Highlights added but content unchanged.
