

Doug Hulsebus,

This is a follow up email on the requested information of you. As a Coordinator of the Nevada Assembly. I am making this request to you. As you claim you are the Marshal-at-Arms of the Nevada Assembly when I have recordings on March 30, 2025 a vote of no confidence on you and then on April 5, 2025 a vote to remove and then following that vote for Doug Hulsebus to never hold a position in the Assembly, but with that said you are saying you are the active Marshal-at-Arms then you have all the documentation of the Assembly. That is the role of the Marshal-At-Arms and you will have everything the Oversight Committee needs to do the audit.

As I request so the people can do an audit of what has been done in the people's name we need copies of ALL documentation from the Assembly, videos (meetings and other), and every email list sent out on every meeting and committee's paperwork.

If the Assembly is not hiding anything from the people, then this is not a problem for the people to do and audit on everything in their names.

This is your second request for copies of all documentation from the Assembly, videos (meetings and other), and every email list sent out on every meeting and committees paperwork

In tell this is done the cease-and-desist stays in effect. Any spending or using the Assembly's asset is fraudulent. Let's get this done so the business of the Assembly can move forward.

Notice to Agents is Notice to Principals; Notice to Principals is notice to Agents
