

THE NEVADA ASSEMBLY
The United States of America (Unincorporated)
Land and Soil Jurisdiction

**NOTICE OF NO EFFECT AND DEMAND TO CEASE USE OF THE ASSEMBLY'S
NAME**

*The August 12, 2026 document styled “Roll Call Ballot” — Taken Outside The Nevada Assembly and of No
Effect Upon It*

TO: Tamara Amaral, styling herself “Nevada Co-Coordinator”; William “Rockie” Roper, styling himself
“Coordinator”; and the group styling itself “The Nevada Assembly Unincorporated” / “State of the Union.”

FROM: Michael Trigger Wilson, Militia Commander, The Nevada Assembly; and Louis Moglia, Chief
Justice, The Nevada Assembly.

COPIES: Sue Hulsebus · Keith Hall · Doug Hulsebus · Anna Riezinger · Paul Pappas, Chief Continental Marshal ·
Joseph Hayse, Peacekeeping Task Force · Jennifer Olsen — being the distribution upon which the document styled
“Order from the People of The Nevada Assembly” was served upon this Assembly on June 28, 2026. Copies are
furnished to the persons named for their information only. No question is submitted to any of them, and no action is
requested of any of them.

DATE: August 17, 2026

RE: The electronic mail of August 12, 2026 sent from coordinator@thenevadaunionstategov.land, its
attachment styled “Roll Call Ballot” (RollCallVoting.pdf), and the continued unauthorized use of the name
“The Nevada Assembly Unincorporated.”

I. Authority and Purpose of This Notice

This Notice is issued jointly by the Militia Commander and the Chief Justice of The Nevada Assembly in
the exercise of their standing duty to defend the integrity of The Nevada Assembly and to maintain a clear
and truthful institutional record. It is issued for the record. It is not a petition to any party, and it submits no
question to the Federation, to any coordinator, or to any other outside party. The Nevada Assembly is a
freestanding sovereign State of the Union in its original lawful form; authority within it runs upward from
the People on Nevada, not downward from any service organization.

It is one entry in a longer record. The Assembly has raised this matter with you, and with others, patiently
and repeatedly over more than a year, in the plainest terms available to it. That record — of good-faith
effort answered by continuation — is the purpose of this instrument, and its worth does not depend upon
your reply.

II. The Acts Addressed

On August 12, 2026, at 10:49 p.m. Pacific time, an electronic mail was sent from coordinator@thenevadaunionstategov.land under the signature “Tamara Amaral — Nevada Co-Coordinator — The Nevada Assembly Unincorporated.” It announced a meeting for August 15, 2026 and carried an attachment, [RollCallVoting.pdf](#), styled “Roll Call Ballot.” The Nevada Assembly holds an exact copy of that attachment, identified by the SHA-256 value `c149c5c7da8fe9f330004c34fd67994054d9b2029ecf8c4ba639b11e3dc74cf5`.

That document is headed “The Nevada Assembly Unincorporated, Election End Date: Aug 22 2026,” and states beneath that heading: “No Substitute Ballot is allowed. This is the only official Nevada ballot.” It presents four measures for a vote of Yes, No, or Abstain, requires each voter to print his or her name upon the ballot on pain of the ballot being “VOIDED,” and directs that ballots be returned to elections@thenevadaunionstategov.land.

III. The Position of The Nevada Assembly

1. The name is owned by the People of the Assembly, is expressly enumerated, and you have been noticed before.

The marks of The Nevada Assembly are common law marks. They arise from prior use, continuous and uninterrupted use, and public notice, and they do not depend upon registration, recording, or filing in any commercial or admiralty jurisdiction. Use and priority create the right; the instruments below declare a right that already exists.

Ownership is of record. The Certificate of Assumed Name, signed by Mark John Seilstad and notarized December 26, 2020 before Orion Caposey, Nevada Notary Certificate No. 19-6909-01, Clark County, and revised December 17, 2021, establishes the Assembly's ownership of the name and all derivatives thereof, with rights running from October 31, 1864. That instrument expressly enumerates “THE NEVADA ASSEMBLY UNINCORPORATED” — the exact term under which you sign — together with “NEVADA STATE ASSEMBLY UNINCORPORATED” and like variations. The grantee is a body of living men and women, the People of the Assembly; no individual, and no coordinator, may transfer, assign, license, or authorize the use of these marks. Continuous use of the name runs from on or about 2019 to the present.

The Declaration of Common Law Trademark, executed by the Chief Justice and the Militia Commander on June 30, 2026, declares those pre-existing rights. At Section V it gives public notice, made to the world at large, that any use of the marks or of any mark confusingly similar to them — “including without limitation ‘The Nevada Assembly Unincorporated’” — constitutes infringement of the Assembly's common law trademark rights and a trespass upon the property of the People on Nevada. It further records that upon the Assembly's complaint, an independent domain registrar ruled the unauthorized use of the Assembly's name in a domain to be cybersquatting and infringement.

These marks are three, and all three are now in use against the Assembly. The Declaration describes, at Mark No. 2, the Assembly's official seal — “a circular seal bearing, around its upper border, the words ‘The Nevada Assembly’ and, around its lower border, the words ‘Land and Soil Jurisdiction,’ with the central motto ‘We are the only Lawful Government,’ and enclosing a relief representation of the outline of the State of Nevada” — and, at Mark No. 3, the domain nevadaassembly.org, in continuous use since April 30, 2021.

As of August 15, 2026 the website published at thenevadaassembly.org serves a seal answering that description in every element, as the image file [NevadaStateSeal.png](#), altered only by the addition of “Est. 1909” — the year Clark County was created — in the position where the Assembly's own

establishment year appears upon its seal. The domain differs from the Assembly's own by a single prepended word, and fifteen Nevada counties are published as subdomains of it. The Assembly has preserved the served pages, the seal images, the server responses and the name resolution for both sites, with SHA-256 values recorded for each.

That domain was registered on July 10, 2026 — two days after the Assembly's complaint to the registrar of record concerning the imitative domains was denied on July 8, 2026. Its pages were cloned from the parked site at thenevadaassemblygov.land, and its footer continues to publish the copyright notice of that earlier domain. The name it takes differs from the Assembly's own domain, in continuous use since April 30, 2021, by a single prepended word.

The Assembly adopted a revised motto by certified vote of its membership on August 3, 2026. The seal described above is the rendering in use at the date of the Declaration and at the date of the infringing publication, and it is that rendering which has been copied. The Assembly's rights run to its seal in every rendering it has used, by prior, continuous and exclusive use, and are not diminished by the Assembly's revision of its own motto. The seal published at thenevadaassembly.org reproduces the superseded rendering, and in doing so records upon its own face that the copying was taken from the Assembly's mark as it stood before August 3, 2026.

Your own prior statement is to the contrary, and it is in writing.

Answering the Assembly's Notice of Claims and Testimonial, William Rockie Roper wrote on October 23, 2025: "William Rockie Roper is working on The Union State Assembly and the Clark County Assembly. At no time is he working on the Nevada Assembly. That is Sue Hulsebus..." On November 24, 2025 he wrote to the State Coordinator: "Let me be clear, I do not want to help you build anything anymore. That is why I stopped going to your meetings" — and said of the very address from which he wrote it that "It has nothing to do with The Nevada Assembly." He stated the same position on the Federation's own recorded call of December 11, 2025: "what I've been organizing is the Union State." The Assembly holds the documents from which these quotations are taken. Nothing has since occurred by which the name could have passed to you.

Prior notice — the record to date.

The Assembly has stated its claim to this name, in writing, on each of the following occasions:

- (i) complaints to the domain registrars and to the **Nevada Attorney General** concerning the imitative domains, each filed in the name of The Nevada Assembly over the signatures of the Militia Commander and the Chief Justice;
- (ii) the ruling of an independent domain registrar that the unauthorized use of the Assembly's name in a domain was cybersquatting and infringement under the Certificate of Assumed Name;
- (iii) the Notice of May 29, 2026 to William Rockie Roper, which requested a written response within fourteen days and received none; the window closed June 12, 2026;
- (iv) the Notice of No Effect of June 29, 2026, issued jointly by the undersigned;
- (v) the Declaration of Common Law Trademark of June 30, 2026, Section V, given as public notice to the world at large; and
- (vi) the Response of July 1, 2026 to the purported Order of June 27–28, at paragraph 28 — addressed to Tamara Amaral and copied to William Rockie Roper, Sue Hulsebus, Keith Hall, Doug Hulsebus, Anna Riezinger, Paul Pappas as Chief Continental Marshal, Joseph Hayse of the Peacekeeping Task Force, and Jennifer Olsen as its Liaison on Nevada.

No recipient of the July 1 Response answered it, and no recipient contradicted it — neither you, nor any official of the Federation to whom it was sent. Your own correspondence names the Federation as the sole remedy available to you. The Federation was told, in writing, and said nothing.

You have therefore been given notice of the term twice over, and in public: by the Declaration described above, and by the joint Notice of No Effect issued to you on June 29, 2026 by the Militia Commander and the Chief Justice, which stated the ownership of the name and expressly named “The Nevada Assembly Unincorporated.” The use has continued since, including on July 23, August 1, August 10 and August 12, 2026. This Notice records that the use is knowing and continuing.

2. The balloting described above occurred outside The Nevada Assembly and is of no effect upon it.

The Nevada Assembly has not called this vote, has not adopted this measure or any ballot upon it, has not approved this instrument, has not authorized its circulation, and has not opened its roll to it. It was not put to the Assembly, was not conducted through the Assembly's process, and was not returned to the Assembly.

Accordingly, and for the record: the exercise described in Section II is not an act of The Nevada Assembly, is of no effect upon The Nevada Assembly or upon any of its members, and is not the return of the People on Nevada. It is external to this Assembly in every respect. What any other party outside this Assembly may choose to do with the result is that party's own affair and is not addressed here.

3. The instrument is not the ballot it holds itself out to be.

The Federation of States circulated a document titled “Roll Call Balloting for August 2026,” authored July 25, 2026. Your document is not that document. It shares four measure titles and shares nothing further. It omits the discussion and the entire verbatim enacting language of every proposed measure. It substitutes “Yes, No, Abstain” for “Yea or Nay.” It adds an “Election End Date” of August 22, 2026 that appears nowhere in the original. It omits the certification block — the Assembly name, the date, the “Certified by” line, the address and the telephone — by which an Assembly certifies its own return. It redirects returns from the two postal addresses named on the original to an electronic mail address under your control. It misspells the entity name in its own heading and misspells two of the four measures it presents.

The declaration “No Substitute Ballot is allowed. This is the only official Nevada ballot” appears in a document which is not the original, was not issued by The Nevada Assembly, and was not authorized by it. No party outside this Assembly may declare what Nevada's only official ballot is.

4. The members of this Assembly are owed better than this instrument gives them.

An act of The Nevada Assembly is brought before the Assembly, announced to its membership, circulated to its roll of record, put to its members through the Assembly's own validation process, and certified by the Assembly. The document described in Section II passed through none of these. It was not announced, not circulated to the roll, not validated, and not certified by any Assembly. A member has no way of telling that from the face of the paper, which is why it is set down here.

Two defects stand apart from every question of authority. First, the document asks a person to vote Yes or No upon the enactment of law while showing that person nothing but a title — no text, no terms, no discussion. No informed consent is possible on such a paper. Second, it requires each voter to print his or her name upon the ballot or have it voided, and directs the named ballot to an address held by the party that issued it. The result is a named record of how each person voted, held by that party alone. The Nevada Assembly does not recognize a proceeding so constituted, and its members should understand plainly what they are being asked to sign.

IV. Demand

The Assembly takes no position upon whom the Federation appoints, and asserts no authority over any title the Federation may confer. It observes only, and for the completeness of the record, that no instrument establishing the appointment of Tamara Amaral as a coordinator on Nevada has ever been furnished to The Nevada Assembly. The Assembly said as much in writing on July 1, 2026, at paragraph 19 of its Response; no instrument and no answer has been received since. What follows therefore reaches the use of the Assembly's name, and nothing else.

You are hereby demanded to cease and desist, immediately and permanently, from:

- (a) any use of the name “The Nevada Assembly Unincorporated,” “Nevada Assembly Unincorporated,” or any derivative or variant of the name of The Nevada Assembly, in any electronic mail, signature block, title of office, website, domain, instrument, seal, stamp, embosser, ballot or other document whatsoever;
- (b) appending, attaching or associating any title of office — coordinator, co-coordinator, official, office holder or otherwise — with the name of The Nevada Assembly or any derivative of it, in any signature block, title, listing, letterhead or instrument;
- (c) circulating the document described in Section II, or any successor to it, as an official ballot of The Nevada Assembly or of the People on Nevada; and
- (d) reproducing, displaying or publishing the official seal of The Nevada Assembly, or any seal confusingly similar to it, and registering or operating any domain or subdomain incorporating the name of The Nevada Assembly.

A written response may be directed to the Militia Commander at the address below within fourteen (14) days of delivery. The effect stated in Section III is immediate and is not contingent upon any response; a non-response will be recorded as such.

V. Effect and Reservation of Rights

The proceeding described in this Notice is external to The Nevada Assembly, is recognized by The Nevada Assembly for no purpose, and binds neither the Assembly nor any member of it. The name, the seals, the roll and the noticing authority of The Nevada Assembly remain the Assembly's own. The Nevada Assembly reserves all rights and remedies at law, in equity, and under the American common law, including those arising from the Certificate of Assumed Name, and waives none by the giving of this Notice or by any delay in giving it.

This Notice is issued in good faith, for the record, and without prejudice.

Issued by:

Michael Trigger Wilson

Militia Commander, The Nevada Assembly

Louis Moglia

Chief Justice, The Nevada Assembly
