

All the people The Nevada State Assembly Minutes

May 30, 2026, 4:00 pm

Call to Assembly: by TNA

Bivens Decision: Tamara Amaral

Purpose for meeting or meeting name: The Nevada State Assembly

This meeting is called in honor of the people who are owed a republican form of government and peaceably assemble to restore their government. Your mindful comments are welcome. Be it known we believe in a transparent government and a vibrant discourse, therefore if you speak in public and are not in honor you can be held liable for your discourse and actions.

These are the current topics that the Nevada Business meeting discussed and voted on by the people of Nevada. All meetings will have a 3-minute speaking time and to stay on topic.

The decision on the floor was who is the Nevada Assembly and who gave Michael Trigger Wilson the authority to notice anyone in the assembly. We went back to Michael Trigger Wilson videos (transcript attached) and Anna's talks with William Rockie Roper and came up with the decision that all the people who have corrected their status were the Nevada Assembly. The next thing that was discussed in the meeting was that no one has ever seen or was invited to any meeting given by Michael Trigger Wilson any authority to notice or even be a Militia commander. At this time the people wanted to bring the Nevada Business meeting into session right then to correct these confusions and set the record start on what the people in Nevada want done.

The Nevada State Business meeting went into session at 4:03 p.m. on May 30 2026 with Tamara Amaral as the coordinator. The meeting attendance was in person and online. There were 18 people in person and 8 online at the meeting. At this time Tamara Amaral read the Bivens decision and started the meeting. The first order of business was the Notice that came from Michael Trigger Wilson to William Rockie Roper. There was a decision of the people not agreeing with the notice and wanted to make moves and vote on the topics in the notice.

Fitu made the first move on to nominate and vote in all the Recording Secretary in the letter plus William Rockie Roper. The list was Tamara Amaral, Dakota Cox, Raymond Brown, and Fitu Robertson. The vote started on the meeting with the results being 20 yeses, 0 noes, and 0 abstain.

Then there was another move on the next topic in the meeting to except the LRO that William Rockie Roper created for the Nevada Assembly to be the Nevada LRO for the state. A vote was started, and the results were 21 yeses, 0 noes, and 0 abstain.

The next move was to vote on whether Teri Sahm has anything to do with the Nevada Assembly LRO and is the coordinator for the recording secretaries in Nevada. The votes went this way 22 people said Teri Sahm has nothing to do with Nevada, 0 said Teri Sahm does, and 0 abstain.

The next move was made to let William Rockie Roper and the Recording Secretaries voted in to be able to use the Nevada Seal (logo) and purchase embossers, stamps, and any supplies they would need. This would let them to be able to record people into the Nevada LRO for the State. The vote went this way 22 yeses, 0 noes, and 0 abstain.
